MFDR Date Received

April 18, 2011

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Claims Administrative Services (hereinafter referred to as "the Carrier") failed to pay pursuant to TDI-DWC Rule 134.403, Outpatient Hospital Fee Guideline. Reimbursement should have been per the Medicare Outpatient Prospective Payment System (OPPS) formula, which states that the sum of the Medicare facility specific reimbursement amount and any applicable outlier payment shall be multiplied by 200%. The total Medicare allowable rate for this claim is \$1,998.70 x 200% mark up = \$4,010.98. The Carrier has only paid \$2,257.40 to date. Thus, a balance of \$1,753.58 plus interest remains due and unpaid."

Amount in Dispute: \$1,753.58

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "It appears the facility is using their own pricer to determine how they should be paid. Based on the revised APC rates, the new bill allowance is \$2,253.94, which is slightly less than what the facility has already been paid."

Response Submitted by: Claims Administrative Services, Inc.

SUMMARY OF FINDINGS

Date(s) of Service	Disputed Services	Amount In Dispute	Amount Due
April 20, 2010	Outpatient Hospital Services	\$1,753.58	\$1,441.27

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403, titled *Hospital Facility Fee Guideline – Outpatient*, sets out the

reimbursement guidelines for facility services provided in an outpatient acute care hospital.

3. 28 Texas Administrative Code §134.203, titled *Medical Fee Guideline for Professional Services*, sets out the reimbursement guidelines for professional medical services.
4. The services in dispute were reduced/denied by the respondent with the following reason codes:

Explanation of benefits dated May 17, 2010

- 0881 – This item is an integral part of an emergency room visit or surgical procedure and is therefore included the reimbursement for the facility/APC rate.
- 0097 97 – The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated.
- 0176 – Modifier 27 / TC represents the technical component of services performed.
- 0222 – Charge exceeds Fee Schedule allowance
- 00W1 W1 – Workers Compensation State Fee Schedule Adjustment
- 0785 – Items and/or services are packaged into APC rate. Therefore there is no separate APC payment.

Explanation of benefits dated June 16, 2010

- 193 – Original payment decision is being maintained. Upon review, it was determined that this claim was processed properly. Final adjudication.

Issues

1. Are the disputed services subject to a contractual agreement between the parties to this dispute?
2. What is the applicable rule for determining reimbursement for the disputed services?
3. What is the recommended payment amount for the services in dispute?
4. Is the requestor entitled to reimbursement?

Findings

1. Review of the submitted documentation finds no information to support that the disputed services are subject to a contractual agreement between the parties to this dispute.
2. This dispute relates to facility services performed in an outpatient hospital setting with reimbursement subject to the provisions of 28 Texas Administrative Code §134.403, which requires that the reimbursement calculation used for establishing the maximum allowable reimbursement (MAR) shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register with the application of minimal modifications as set forth in the rule. Per §134.403(f)(1), the sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 200 percent, unless a facility or surgical implant provider requests separate reimbursement of implantables. Review of the submitted documentation finds that separate reimbursement for implantables was not requested.
3. Under the Medicare Outpatient Prospective Payment System (OPPS), each billed service is assigned an Ambulatory Payment Classification (APC) based on the procedure code used, the supporting documentation and the other services that appear on the bill. A payment rate is established for each APC. Depending on the services provided, hospitals may be paid for more than one APC per encounter. Payment for ancillary and supportive items and services, including services that are billed without procedure codes, is packaged into payment for the primary service. A full list of APCs is published quarterly in the OPPS final rules which are publicly available through the Centers for Medicare and Medicaid Services (CMS) website. Reimbursement for the disputed services is calculated as follows:
 - Procedure code 82962, date of service April 20, 2010, has a status indicator of A, which denotes services paid under a fee schedule or payment system other than OPPS. Per 28 Texas Administrative Code §134.403(h), for outpatient services for which Medicare reimburses using fee schedules other than OPPS, reimbursement is made using the applicable Division fee guideline in effect for that service on the date the service was provided. Facility payment for the technical component of this service is calculated according to the Medical Fee Guideline for Professional Services, §134.203(e)(1). The fee listed for this code in the Medicare Clinical Fee Schedule is \$3.35. This amount multiplied by 2 units is \$6.70. 125% of this amount is \$8.37. The recommended payment is \$8.37.
 - Procedure code 73550, date of service April 20, 2010, has a status indicator of X, which denotes ancillary services paid under OPPS with separate APC payment. These services are classified under APC 0260, which, per OPPS Addendum A, has a payment rate of \$44.90. This amount multiplied by 60% yields an unadjusted labor-related amount of \$26.94. This amount multiplied by the annual wage index for this facility

of 0.864 yields an adjusted labor-related amount of \$23.28. The non-labor related portion is 40% of the APC rate or \$17.96. The sum of the labor and non-labor related amounts is \$41.24. The cost of these services does not exceed the annual fixed-dollar threshold of \$2,175. The outlier payment amount is \$0. The total APC payment for this line is \$41.24. This amount multiplied by 200% yields a MAR of \$82.48.

- Procedure code 20670, date of service April 20, 2010, has a status indicator of T, which denotes a significant procedure subject to multiple-procedure discounting. The highest paying status T procedure is paid at 100%; all others are paid at 50%. This procedure is paid at 100%. These services are classified under APC 0021, which, per OPPS Addendum A, has a payment rate of \$1,179.44. This amount multiplied by 60% yields an unadjusted labor-related amount of \$707.66. This amount multiplied by the annual wage index for this facility of 0.864 yields an adjusted labor-related amount of \$611.42. The non-labor related portion is 40% of the APC rate or \$471.78. The sum of the labor and non-labor related amounts is \$1,083.20. Per 42 Code of Federal Regulations §419.43(d) and Medicare Claims Processing Manual, CMS Publication 100-04, Chapter 4, §10.7.1, if the total cost for a service exceeds 1.75 times the OPPS payment and also exceeds the annual fixed-dollar threshold of \$2,175, the outlier payment is 50% of the amount by which the cost exceeds 1.75 times the OPPS payment. The OPPS Facility-Specific Impacts file does not list a cost-to-charge ratio (CCR) for this provider. The requestor did not submit documentation of the facility CCR for consideration in this review. Per Medicare policy, when the provider's CCR cannot be determined, the CCR is estimated using the statewide average CCR as found in Medicare's OPPS Annual Policy Files. Medicare lists the Urban Texas 2010 Default CCR as 0.2223. This ratio multiplied by the billed charge of \$7,019.40 yields a cost of \$1,560.41. The total cost of all packaged items is allocated proportionately across all separately paid OPPS services based on the percentage of the total APC payment. The APC payment for these services of \$1,083.20 divided by the sum of all APC payments is 96.33%. The sum of all packaged costs is \$1,844.25. The allocated portion of packaged costs is \$1,776.61. This amount added to the service cost yields a total cost of \$3,337.02. The cost of these services exceeds the annual fixed-dollar threshold of \$2,175. The amount by which the cost exceeds 1.75 times the OPPS payment is \$1,441.42. 50% of this amount is \$720.71. The total APC payment for this line, including outlier payment, is \$1,803.91. This amount multiplied by 200% yields a MAR of \$3,607.82.
 - Procedure code J0690, date of service April 20, 2010, has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J2250, date of service April 20, 2010, has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J2270, date of service April 20, 2010, has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J2405, date of service April 20, 2010, has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J2765, date of service April 20, 2010, has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J2795, date of service April 20, 2010, has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J3010, date of service April 20, 2010, has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
 - Procedure code J7120, date of service April 20, 2010, has a status indicator of N, which denotes packaged items and services with no separate APC payment; payment is packaged into the reimbursement for other services, including outliers.
4. The total allowable reimbursement for the services in dispute is \$3,698.67. This amount less the amount previously paid by the insurance carrier of \$2,257.40 leaves an amount due to the requestor of \$1,441.27. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$1,441.27.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$1,441.27 plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.

YOUR RIGHT TO APPEAL

Either party to this medical fee dispute may appeal this decision by requesting a contested case hearing. A completed **Request for a Medical Contested Case Hearing** (form **DWC045A**) must be received by the DWC Chief Clerk of Proceedings within **twenty** days of your receipt of this decision. A request for hearing should be sent to: Chief Clerk of Proceedings, Texas Department of Insurance, Division of Workers Compensation, P.O. Box 17787, Austin, Texas, 78744. The party seeking review of the MDR decision shall deliver a copy of the request for a hearing to all other parties involved in the dispute at the same time the request is filed with the Division. **Please include a copy of the *Medical Fee Dispute Resolution Findings and Decision* together with any other required information specified in 28 Texas Administrative Code §148.3(c), including a **certificate of service demonstrating that the request has been sent to the other party.****
